

# A Bench for Caps Registration

We, the students of \_\_\_\_\_, want to learn habits of green living.  
(Name of school)

We hereby contract, with future-generations-on-our-playground, to collect 400\* lbs of plastic soda bottle caps and soft plastic lids from food containers which are still very useful polymers with a long life yet, put them into a recycling process and keep them out of our local landfill.

By means of the flow-molding process of Green Tree Plastics, we will provide your school a 6' CASTplastic™ park bench, or optional tables, made 100% from this same-sourced plastic.

When we deliver our carefully sorted & weighed, metal-free caps in plastic bags to Green Tree Plastics, along with \$200\*\*, we will pick up our bench with black bases and green boards. We now offer a variety of special school colors at a cost of \$50 per requested color.

Please call for an appointment, as far ahead as possible when you are ready to bring in your caps and take home your bench. Call 812-402-4127
